I am 32 years old woman, live in Oslo for 3 years with my husband and 2 years daughter. I am looking for hairdresser job. I was working in this field 2013-2014 in Iceland, in 2014 I came to Norway. I have stopped working as hairdresser for a while. I would like to come back in this field, because I like to make people more beautiful. All I can say is that I can attribute all of my success to just one thing - I am extremely dedicated to my profession. I have practical experience necessary to do the job. In my role as hairdresser, I can do customers hair in every style or colour they want, doing wedding hairstyles, men and woman haircut. I speak in English and I am getting better to speak Norwegian. I have finished A1 level courses at Norwegian language and I am working in A2 level write now.

For more information about my education, work experience, skills and personal qualities you will find in my CV. If you are seeking a candidate with my qualifications, I would welcome a personal interview. Thank you for your consideration and time.

Best regards

Vaida Razutyte
